## GUIDELINES

This B.U.D.S. version is for the Can-Am Roadster RT models only. It is now available on BOSSWeb, go to:

- www.bossweb.brp.com
- ComCenter = Document
- Document Type = Diagnostic Software
- Select the following version

**VERSION P2.3.27.7**

**NOTE:** This version of B.U.D.S. was specifically designed for the Can-Am Roadster RT models. Can-Am Roadster GS and all other product lines still require the use of P2.3.26.

Always use the latest version of B.U.D.S. when programming or troubleshooting any product line vehicle that is included in this update.

Refer to the following table to know the new version features.

PRODUCT LINES	INVOLVED	FEATURES
Can-Am Roadster	✓	MY2010 RT model only
