Subject: **Roadster - Wheel Alignment Procedure  
and Tools**

No. **2013-7**

YEAR	MODEL	MODEL NUMBER	SERIAL NUMBER
2013	All	All	All

A new procedure and new tools have been developed to improve precision when performing wheel alignment on 2013 Can-Am Roadster.

## **REQUIRED TOOLS**

DESCRIPTION	PART NUMBER	QTY
Front Wheel Alignment Tool kit	529 036 267	1

This kit includes the following:

- 2x alignment bars for RS/ST 2013 (P/N 529 036 265)
- 2x alignment bars for RT 2013 (P/N 529 036 266)

This kit is mandatory and it will be auto-shipped to Canadian and US dealers.

For dealers/distributors in other countries, the front wheel alignment tool kit (P/N 529 036 267) is also mandatory but must be ordered through the normal channel.

## **PROCEDURE**

Refer to the alignment procedure described in the 2013 Shop Manual.
