D.E.S.S. NOT ACTIVATED AT FACTORY

The D.E.S.S. is not activated at factory on some units.

The system will recognize any D.E.S.S. key, emit 2 beeps and allow engine starting.

D.E.S.S. ACTIVATION AT PDI

The D.E.S.S. will be automatically activated by programming the 2 provided keys (Normal and learning) as usual at PDI.

Follow the procedure outlined in the appropriate PDI bulletin.
